Welcome To The World of Crypto Currency

Brief Intro
LEUKCOIN WHITE PAPER

What is Cryptocurrency?

A **Cryptocurrency** (or Digital currency) is a digital asset designed to work as a medium of exchange that uses cryptography to secure its transactions, to control the creation of additional units, and to verify the transfer of assets

A **Cryptocurrency** is difficult to counterfeit because of this security feature. It is not issued by any central authority, rendering it theoretically immune to government interference or manipulation.

CRYPTOCURRENCY VS FIAT(PAPER MONEY)

- Crypto-currencies are intangible
- Decentralized and Digitally issued
No one has a central authority over them
- Multiple points of distribution, as the “mining” process takes place all over the world.
- Crypto ecosystem economy is self-sustainable, open to anyone, and simply better.

- Fiat currencies are physical and tangible
- Centralized and Issued by the governments and banks
- one institution is responsible for controlling the money supply
- Non self Sustainable

Pre-ICO Vs ICO

Pre-ICO Vs ICO
LEUKCOIN WHITE PAPER

What is Pre-ICO?

As the name suggests, a **pre-ICO** allows investors to buy coins tokens before the official crowd sale begins.

In Pre-ICO investors get the rare opportunity to buy the coin at cheaper rates before the main ICO, Pre-ico investors are regarded as Early Birds

The Leukcoins **Pre-ICO** will run for **30days** while the **ICO** will run for **30days** to enable every one own a bit of **Leukcoins** as a Payment tool and financial instrument.

What is ICO?

An Initial Coin Offering, also commonly referred to as an **ICO**, is a fundraising mechanism in which new projects sell their underlying crypto tokens in exchange for bitcoin and ether. It's somewhat similar to an Initial Public Offering (**IPO**) in which investors purchase shares of a company
